

Walkthrough for Brainstorm Dial-up Account with Windows ME

This is a step-by-step walkthrough for configuring your computer to use your Brainstorm dial-up account. If you have any problems call us at our toll free number 1-877-651-6299. We are open Monday thru Friday from 8am- 10pm and Saturday thru Sunday from 9am- 6pm.

Windows ME Dial-Up:

1. Double-click on **My Computer**, Double-click on **Control Panel**
2. Double-click on **Dial-Up Networking**
3. Double-click on **Make New Connection**
4. Enter **Brainstorm** where it says **My Connection** for the name of the computer you're dialing.
5. Click **Next**
6. Leave the area code blank. Type in the correct dial-up number for the city that is local to you. Here's a list of cities with their corresponding dial-up numbers:
 - Durango: 247-7798
 - Farmington: 716-4042
 - Grand Junction: 241-0044
 - Montrose: 240-2794
7. Click **Next**
8. Click **Finish**
9. Right-Click on your **Brainstorm Icon** connection
10. Then left-Click on **Properties**
11. Make sure the checkbox on the bottom that says **Use area code and Dialing Properties** is unchecked.
12. Click on the Security tab up on the top.
13. Type in your username (ex: **username@gobrainstorm.net**) and **password** in the appropriate fields.
14. Click on the Dialing tab up on the upper-right hand corner.
15. Make sure that '**This is the default internet connection**' is checked, and make sure that '**Always dial my default connection**' has a black dot next to it.
16. Click on **OK** on the bottom
17. Right-click on the **Brainstorm Icon** and then left-click on **Create Shortcut**
18. Click on **Yes** when the window pops up.
19. Close the dial-up networking window by clicking on the **X** on the upper right hand corner
20. Double-click on the **Shortcut to Brainstorm** icon on your desktop
21. Click on **Connect** and this will establish your internet connection.
22. Open **Internet Explorer** to surf the web or open **Outlook Express** to check your email.
